Erdős, Paul; Hare, W.R.; Hedetniemi, S.T.; Laskar, R.

On the equality of the Grundy and ochromatic numbers of a graph. (In English)

J. Graph Theory 11, No.2, 157-159 (1987). [0364-9024]

It is proved in this note that the Grundy number, $\Gamma(G)$, and the ochromatic number, $\chi^0(G)$, are the same for any graph G .

Classification:

05C15 Chromatic theory of graphs and maps

Keywords:

Grundy number; ochromatic number
